Properties:

Marvit™ capsules contain a complete formula of multivitamins, minerals and natural tonic supplement which improves the body functions to the maximum, optimizes energy production and protects against physical & mental stress. Having the most well known antioxidants in the formula, **Marvit™** capsules protect and fight against free radicals which attack living cells, reduce their viability and lead to their damage.

Actions:

1- Antioxidants:

Marvit™ contains Vit. A, Vit. C, Vit. E, Zinc and Selenium which are proved to be effective antioxidants against reactive free redicals, so it protects the body against many diseases specially liver, heart diseases and against aging problems.

2- Vitamins B complex:

B1, B2, B6, B12 and niacinamide:

- As daily supplement to protect against vitamin deficiency.
- As Important substrates for normal body metabolism and energy production

3- Vitamin A and Boitin:

For healthy skin, hair and nails.

4- Folic Acid:

Protects against hyperhomocystenemia which proved to be a major risk factor in myocardial infarction.

Folic acid reduces the incidence of neural tube birth defects.

5- Royal Jelly:

Contains essential amino acids required for normal human body growth, it also contains B vitamins and minerals necessary for normal health.

Royal jelly is used to protect against physical & mental stress, fatigue and exhaustion.

6- Ginseng:

Purified and standardized extract of Ginseng, considered as a natural source of vitality and a stimulant of both mental & physical energy.

Indications:

1- To help overcoming physical exhaustion and easy fatigability.
2- To help overcoming asthenia.
3- Increases physical performance especially for atheletes.
4- Helps convalescence after infectious diseases.
5- As a supplement of essential elements required for proper growth and development in adolescents.
6- Provides essential biological elements required during pregnancy & lactation.
7- Keeps healthy skin, hair, nails.
8- Protects against liver dysfunction, due to its antioxidants and vit B complex components.
9- As a nutritional supplement for persons on diet restrictions.
10- Due to its antioxidant components, it can be used for delaying the process of aging.

Dosage and Administration:

One capsule daily with meals, or as prescribed by the physician.

Presentation:

Marvit™ is supplied in packs of 4 strips, each strip contains 7 capsules.

Storage:

Store in a cool dry place, keep out of the reach of children.
