

comida **PKU B** FORMULA

For the Dietary Management of Phenylketonuria

and Hyperphenylalaninemia in

CHILDREN OVER 1 YEAR OF AGE, ADOLESCENTS AND ADULTS

- Phenylalanine free amino acid mixture
- Provides energy from fat and carbohydrates
- Easy to prepare

DESCRIPTION

comida-PKU B formula is a phenylalanine free amino acid mixture, supplemented with vitamins, minerals and trace elements. Source of carbohydrates is maltodextrin, the fat blend from vegetable oils contains the essential fatty acids linoleic acid and α-linolenic acid.

INDICATIONS

comida-PKU B formula is to be used only in the dietary management of children over 1 year of age, adolescents and adults with Phenylketonuria and Hyperphenylalaninemia under medical supervision.

RECOMMENDED USE

The daily amount of comida-PKU B formula to be used for the dietary treatment of children over 1 year of age, adolescents and adults with PKU / HPA is to be determined by a clinician or a dietitian, considering age, body weight and metabolic condition of the patient.

comida-PKU B formula should be administrated in 3-5 doses during the day.

Preparation table:

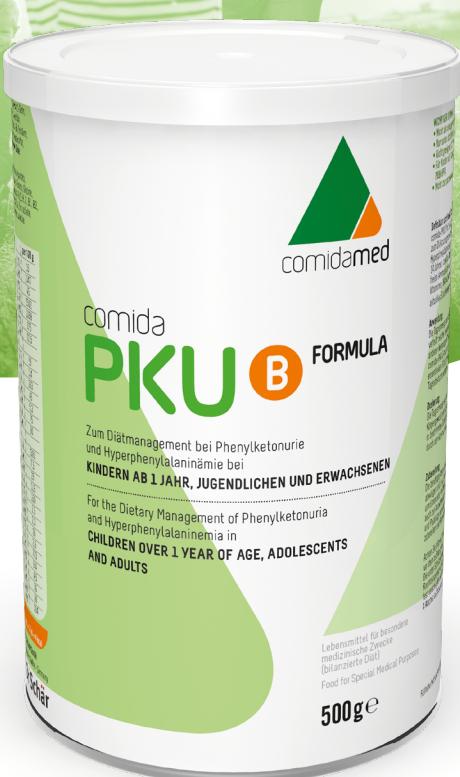

Drinking volume	Water	comida-PKU B formula	Protein content
ml	ml	g	= No. of scoops* = g Protein equivalent
50	45	7,5	1 2,3
100	90	15	2 4,7
200	180	30	4 9,3

* standard dilution: 15,0 g in 90 ml water

IMPORTANT NOTICE:

- Not suitable as sole source of nutrition
- Must be used under medical supervision
- Not to be used by non-PKU/HPA individuals
- For children over 1 year of age, adolescents and adults with PKU/HPA
- Not suitable for parenteral use

comida-PKU B formula is free from any preserving agent, colourings or sweeteners
